About the Artist

Cassandra M. Bruhm is an undergraduate student entering her 3rd year at Mount Saint Vincent University completing a Bachelor of Arts in Child and Youth Studies. Cassandra is from the South Shore of Nova Scotia where she lives with her parents, 2 sisters and 3 cats. She was trying to find more ways to get involved on campus when she came across The Indigenous Mentorship Network during her first year of university and has loved every moment of it. Cassandra started making moccasins just over a year ago in March of 2020 when the pandemic first started. She also recently started to learn how to bead by taking the Moccasin making course with the Indigenous Mentorship Network.

About the Atlantic Indigenous Mentorship Network

The Atlantic Indigenous Mentorship Network (Atlantic-IMN) is a regional network that offers mentorship, learning opportunities, and financial support to Indigenous students and early career researchers pursuing Indigenous health research and health professional programs. It is a collaboration among universities, communities and community-based organizations, and Indigenous governments across Nova Scotia, Prince Edward Island, New Brunswick, and Newfoundland and Labrador. Our goal is to support Indigenous-led health research in the Atlantic region.
