### Instructions to Authors

Papers may be submitted in either English or French and should be sent electronically to the editor at (nsis@dal.ca). The title should be followed by names, addresses and E mails of all authors. An abstract of up to 200 words should follow. As appropriate, sections devoted to introduction, methods, results, discussion, conclusions and references should be included. Canadian spelling and SI units should be used wherever possible. There is currently a page charge of \$25 per page but this will not be levied if all authors are NSIS members (Membership costs \$25 per year for regular members and \$10 year for students.) Tables, figures and black and white photographs may be included and will be published without an extra charge. Publication of colour figures in any hard copy of the journal will incur a charge that must be borne by the author and will likely be in the range of \$500 per plate which may be a single photo or a collage. All tables and illustrations should have a title and a self-explanatory legend.

Refer to back issues of the Journal for general layout of a paper. Pages should be numbered. References should be in alphabetical order and give the full title of the journal and issue numbers where appropriate, thus:
